Sir,

It has been observed that the role and support of field functionaries such as Swachhata Grahis/ Swachhata Doots is crucial in achieving the objective of Lohiya Swachh Bihar Abhiyan.

Swachhata Grahis/ Swachhata Doots are army of "foot soldiers" on Sanitation responsible for motivating, assisting construction and ensuring sustained latrine use by every person in each household in the village. These "foot soldiers" maybe developed through existing institutions such as Panchayati Raj Institutions, Co-operatives, ASHAs, Anganwadi workers, Women Groups, Community Based Organisations, Self Help Groups, Water linemen/ pump operator etc who maybe already working in the GPs or through specially recruited for the purpose.

As per instructions from Secretary, Ministry of Drinking Water and Sanitation (MoDWS), Secretary, Rural Development Department (RDD) and Mission Director, LSBA, it is requested that all Districts must select and train required Swachhata Grahis/ Swachhata Doots. The details of existing or recruited Swachhata Grahis/ Swachhata Doots must be uploaded on the MIS (Form No. B09) on or before **20th May 2017**.

The report on the same must be submitted to the state in the format below:
